SANPO

Leading to the smarter flow

CEMERLANG KONTROL & INSTRUMEN SDN.BHD

TEMPERATURE

Type: Economy type, Field mount, Transmitter
Size Range: 4"~28"
Body Materials: Stainless Steel, SS304, SS316, Aluminium
Applicable Temperature: Up to 400°C
Applicable Media: Water, Oil, Gas
Connecting Type: Threaded, Flange

CONTROL VALVES

Size Range: DN80~DN600
Operating Temperature : -196~450 deg C
Operating Pressure : Class 150/300/600/900/1500
PN16/19/40/100/JIS10K/JIS20K

PRESSURE

Type: Economy type, Electrical contact, Transmitter
Body Materials: SS, SS304, SS316, Aluminium
Applicable Temperature: Up to 400bar
Applicable Media: Water, Oil, Gas
Connecting Type: Threaded, Flange

FLOW METERS

Size Range: DN50~DN2000
Power Supply : 220 VAC , 24VDC , 3.6V (Battery)
Communication : RS232 , RS485 , HART
Type : Compact / Remote
Liner Material : PTFE , Rubber , PFA , Teflon , PU
